### PHILOSOPHY

It is the philosophy of A Child's Exploratorium Learning Center, early childhood should be a time of fun, warmth, security, education, exploration and discovery. A.C.E. will provide an atmosphere that encourages social, emotional, physical, and intellectual growth through a child's play and small group interaction.

### CURRICULUM

A.C.E. early childhood program implements state approved curriculums which meet the Texas Pre-K Guidelines and are recognized by the Texas Education Agency. Our curriculum is comprehensive, research-based programs that integrate instruction across developmental domains and early learning disciplines.

Our early childhood program helps children develop social-emotional skills through the implementation of redirection. Children build trust, form healthy attachments, and develop impulse control as they practice daily routines. Children are introduced to math, science, literacy, basic writing skills, music, physical education, problem solving and so much more!

To learn more about the curriculum we provide please visit the following websites. <http://www.frogstreet.com>

### DAILY ACTIVITIES

The activity plan is designed for a variety of activities daily, which include indoor/outdoor play, a balance of active/quiet play, and child initiated activities/caregiver initiated activities. Screen time activities (video or computer) are included for children over the age of two years. Alternative activities are provided for children that do not want to participate in video or computer activities. The program provides families with resources specific to

screen usage and young children that may include age appropriate apps and information on concerns about screen time usage, setting limits and restrictions, and how to monitor their child's usage.

### **CHILD ENROLLMENT 746.501 (13)**

Parents are responsible for completing enrollment forms prior to care. Forms include an Admission Form, Teacher Information Form, Infant & Toddler Supplemental Form, Health Forms, Permission Form, Discipline Form, and a Child Release Form.

Parents may update their child's enrollment information at any time by completing / submitting a new admission form to the director. Admission forms are located in the preschool office.

### **SAFE SLEEP FOR INFANTS 12 MONTHS OR YOUNGER 746.501 (9)**

Parents enrolling infants 12 months or younger will receive/review/sign the safe sleep policy. The policy is based on recommendations from the American Academy of Pediatrics and the Consumer Product Safety Commission for infants to reduce the risk of Sudden Infant Death Syndrome.

**A copy of the safe sleep policy can be found @ <http://www.healthychildren.org/English/ages-stages/baby/sleep/Pages/AParents-Guide-to-Safe-Sleep.aspx>**

All staff, substitute staff, and volunteers at ACE Learning Center will follow these safe sleep recommendations of the American Academy of Pediatrics (AAP) and the Consumer Product Safety Commission (CPSC) for infants to reduce the risk of Sudden Infant Death Syndrome/Sudden Unexpected Infant Death Syndrome (SIDS/SUIDS):

- Always put infants to sleep on their backs unless you provide an Infant Sleep Exception form 2710 signed by the infant's health care professional.
- Place infants on a firm mattress, with a tight-fitting sheet, in a crib that meets the CPSC federal requirements for full size cribs and for non-full size cribs.
- For infants who are younger than 12 months of age, cribs should be bare except for a tight-fitting sheet and a mattress over or protector. Items that should not be placed in a crib include: soft or loose bedding, such as blankets, quilts, or comforters; pillows; stuffed toys/animals; soft objects; bumper pads; liners; or sleep positioning devices. Also, infants must not have their heads, faces, or cribs covered at any time by items such as blankets, linens, or clothing.
- Do not use sleep positioning devices, such as wedges or infant positioners. The AAP has found no evidence that these devices are safe. Their use may increase the risk of suffocation.
- Ensure that sleeping areas are ventilated and at a temperature that is comfortable for a lightly clothed adult.
- If an infant needs extra warmth, use sleep clothing such as sleepers or footed pajamas as an alternative to blankets.
- Place only one infant in a crib to sleep.
- Infants may use a pacifier during sleep. The pacifier must not be attached to a stuffed animal Or infant's clothing by a string, cord, or other attaching mechanism that might be a suffocation or strangulation risk.
- If the infant falls asleep in a restrictive device other than a crib (such as bouncy chair or swing, or arrives to care asleep in a car seat), move the infant to a crib immediately, unless you provide an Infant Sleep Exception form 2710 signed by the infant's health care professional.
- Our childcare program is smoke-free. Smoking is not allowed in Texas childcare operations (this includes e-cigarettes and any type of vaporizers.)
- Actively observe sleeping infants by sight and sound.
- If an infant is able to roll back and forth from front to back, place the infant on the infant's back for sleep and allow the infant to assume a preferred sleep position.
- Awake infants will have supervised "tummy time" several times daily. This will help them strengthen their muscles and develop normally.
- Do not swaddle an infant for sleep or rest unless you provide an Infant Sleep Exception form 2710 signed by the infant's health care professional. Parents can review information on safe sleep and reducing the risk of Sudden infant death syndrome/sudden unexpected infant death syndrome (sids/suids) at: [www.healthychildren.org](http://www.healthychildren.org)

## **EMPLOYEE IMMUNIZATIONS 746.501 (27)**

Immunizations are not just for children. Childcare center employees have a unique opportunity to protect children at their place of employment and lessen the spread of vaccine preventable diseases by getting immunized. Vaccine preventable diseases (VPDs) are conditions which are preventable through vaccines available to protect against specific diseases. A list

of VPD can be found at [www.cdc.gov/vaccines](http://www.cdc.gov/vaccines).

A Child's Exploratorium Learning Center employees are encouraged to receive vaccines.
